

Submitter: Dennis Reynolds

On Behalf Of:

Committee: Joint Committee On Addiction and Community Safety Response

Measure: HB4036

Remember when both Oregon and Portland had such a great reputations nationally? Those days have largely disappeared with the decriminalization of drug laws. We need to reverse this catastrophe and get back on the right track of law and order and not continue the failed measure 110. It has been a disaster for both those addicted as well as the public in general.
