Government, and Veterans

Measure: HB4044

My name is Dr. Ann Turner. I am a retired physician and a member of Oregon Physicians for Social Responsibility. I just got back home from testifying to the Multnomah County Commissioners about the need to require risk bonds for companies operating in the CEI Hub. We all know that a large earthquake will come to Oregon that will cause massive destruction and release toxic chemicals that will harm our health, especially the most vulnerable, pregnant women, children, and the elderly. Please support this study so responsible governments, businesses and non-profits can have enough data to plan ways to ensure safety for us all.
