Committee: House Committee On Gambling Regulation

Measure: HB4051

Greyhound racing caused 10,000 injuries & deaths to greyhounds last year alone. This IS an inhumane betting sport for the greyhounds forced to race. Oregon is particularly at fault for bolstering the greyhound racing industry through its legal betting structure. The Oregon state legislature has a chance to change this by supporting House Bill 4051 as the HUMANE option for tens of thousands of greyhounds yearly. Passage of HB 4051 will also be consistent with the views of many Oregonians who do not bet on Greyhound Racing & who do not wish for it to continue.

Thank you for your consideration of this important legislation,
