

Submitter: Mark Zauner

On Behalf Of:

Committee: Joint Committee On Addiction and Community Safety Response

Measure: HB4036

Finally some sensible legislation regarding our drug and addiction crisis. We are MUCH worse off than the rest of the nation...we need to stop kidding ourselves. This bill will help get us going. Treatment or jail. Treatment is preferred by all...but currently we are giving a 3rd option, which is to just keep dying of addiction. Ridiculous.
