

Submitter: Elizabeth Toewe

On Behalf Of:

Committee: Senate Committee On Education

Measure: SB1583

I am writing to ask your support for SB 1583. I believe it is imperative to teach young people to analyze, evaluate and educate themselves using materials that do not discriminate any any group. Tolerance towards others and respect for each individual is keystone to a democratic society. Please enable Oregon to continue to lead the way toward a better country and world by voting yes on SB 1583.
