On Behalf Of:

Committee: Senate Committee On Education

Measure: SB1583

As a librarian, a parent, and an Oregonian, I support SB1583. Libraries are an extension of the constitutional right to access information and to form educated opinions. Librarians and educators have a duty to provide information representing a diverse and rich human experience. It is up to each individual and family to determine the values and ideas they wish to learn about.

I urge you to vote yes on SB1583 to support an informed, valued, and respected citizenry capable of making decisions for themselves, without taking away the constitutional rights of others.
