

Submitter: Donna Bleiler

On Behalf Of:

Committee: Senate Committee On Finance and Revenue

Measure: SB1542

The best move would be to repeal the CAT tax, which is an embarrassment to Oregon. The more exemptions you give pet producers, the more it narrows the burden to the businesses you are trying to bankrupt in the name of climate change, which hurts all of us. I support the raise in the threshold to protect the middle class businesses.
