

Submitter: Matt Query

On Behalf Of:

Committee: Senate Committee On Natural Resources and Wildfire

Measure: SB1590

I oppose SB 1590 / repealing provisions related to towed water sports program. As an avid angler throughout the Willamette basin and its tributaries, and advocate for sustainable fisheries in general, allowing repeal of wake-control related regulations increases harms to residential fisheries. Increasing wake will also materially change the character of the river and my recreational enjoyment thereof in my canoe. No one has suffered a loss of enjoyment of the river with the existing regulations and many shall with their repeal.
