

Submitter: Laura Curry

On Behalf Of: self

Committee: Joint Committee On Addiction and Community Safety Response

Measure: HB4002

HB 4002 should be repealed.

Possession and use should carry with it a 1year jail sentence and community service like garbage pick up, followed with addiction treatment. Full stop.

No more test drives. Myself, my community, my city have all been punished with empty words, misguided intentions if not outright manipulations.

Repeal HB 4002. It does nothing to help the addicts; nothing to reverse the fentanly crises on our streets; nothing to contribute calm in the daily existence of any Portland resident.

The police cannot intervene. Right now it's the wild west- a free for all on our streets, public parks, plazas, open spaces.

Portland policy makers-- make this stop!
