

Submitter: Alain Millar

On Behalf Of:

Committee: Senate Committee On Natural Resources and Wildfire

Measure: SB1590

As a person who cares for our fragile environment and a paddle sport participant on the Willamette River I strongly oppose repealing the restrictions, that have only recently been achieved, that protect the riparian areas of a mere 30 miles of the Willamette.

There are ample places for power boats, specifically wake boats, to operate. There are not nearly enough protections for wildlife and property.

Sincerely

Alain Millar
