

Submitter: Richard Millsap

On Behalf Of:

Committee: Senate Committee On Judiciary

Measure: SB1503

This is not a gun issue this is a mental health issue. If the Oregon legislature cannot see that mental health is the growing issue in Oregon they should all resign immediately. Stop trying to restrict or remove our constitutional rights to bear arms. You continue to waste money fighting the constitution which will NEVER happen while continuing to raise taxes to fight this battle. You need to put your resources towards building the economy and helping the mentally ill rather than fighting a losing battle.
