

Submitter: Trevor Lamberson

On Behalf Of:

Committee: Joint Committee On Addiction and Community Safety Response

Measure: HB4036

Measure 110 has been a failure because it simply wasn't funded correctly or implemented. So instead of implementing it correctly we should just lock them all up & pay for them to be in our prisons. Helfrich is a cop & this bill was written for cops. IMPLEMENT EXISTING LAW!!! We the people voted 110 in because the same types of laws were implemented correctly in other countries & they saw major benefits in their communities. Just do your jobs and figure out how to implement 110!
