

Submitter: Michael Dahlstrom

On Behalf Of:

Committee: Senate Committee On Natural Resources and Wildfire

Measure: SB1590

Honorable Committee Members

I strongly oppose SB1590 as a recreational user of the river. The impact of these vessels' wakes not only are dangerous to me as a kayaker but also as a small fishing boat owner/user attempting to share the resource. Additionally the erosion of banks is evident everywhere which affects the water quality. Please do not advance this bill - it only serves a very small constituency of river users to the drastic impact of all others. I have no issue with water skiers and others, it is simply the impact of these enormous wakes/waves used for a few's recreation. Thank you for your consideration of my point of view.
