

Submitter: Liza Franzoni

On Behalf Of:

Committee: Joint Committee On Addiction and Community Safety Response

Measure: SB1555

Cigarettes require that I have my id scanned to buy them in most places. I feel like a criminal to buy a legal substance. Meanwhile, fentanyl is Smoked openly anywhere and everywhere with no repercussions at all. One pill cost 25 cents. Our society is imploding in front of our eyes. This measure is only a beginning to help stop the madness.
