

Submitter: mick rock

On Behalf Of:

Committee: Senate Committee On Education

Measure: SB1583

This bill amounts to forced speech. It will mean that the state controls speech in the schools rather than the locality, favoring central control over democracy.

Please vote no on this bill. We can perhaps pass bills against prohibiting materials in schools in the name of intellectual freedom, but please don't let big government have the right to tell us what to teach in the schools.
