

Submitter: Amy Caplan

On Behalf Of:

Committee: Joint Committee On Addiction and Community Safety Response

Measure: HB4002

"Fixing 110" does not go far enough to protect Oregonians and especially Portlanders from the crime, filth, and stranger danger of having unhinged drug addicts running amok on our streets and in our neighborhoods. Liberal/progressive democrats are moving center-right now toward candidates advocating for more law and order. To avoid a Republican takeover of the State, we progressives need to embrace law, order, and public safety.

Thank you,
