

Submitter: Gay Lewis

On Behalf Of:

Committee: Senate Committee On Natural Resources and Wildfire

Measure: SB1590

I strongly oppose repealing SB 1590. The Newberg Pool is a habitat for many birds, fish, and other animals, as well as a recreational area for those of us who like to enjoy them. Wakesurfing and other towed watersports by heavy wake boats generate huge wakes that have damaged these habitat areas. They also interfere with the enjoyment of the river by other users, such as kayakers and fishers. There are other areas for these wakeboats to enjoy their sport that do not damage habitat or prevent others from using the river. Please do not repeal this provision. Thank you.
