

Submitter: John Toone

On Behalf Of:

Committee: Senate Committee On Finance and Revenue

Measure: SB1520

Dear state Senators and governor, I urge you to vote yes on SB 1520. We lost are homes and towns to corporations who didn't take care of what they were supposed to do and because of there negligence started the fires and have destroyed are life's and have caused pain and suffering for many of us fire victims, who never ask to have are homes , businesses and towns burned down to the ground because of corporations who only cared about there profits instead of carrying about the public safety who they are supposed to serve. We did get some compensation from them but in no way enough to make us whole again from what we have lost and will probably will never be able to rebuild are homes and businesses again. Then on top of it having to pay taxes on the settlements that we received from the trust taking what little money that we received from are settlements and already making even harder for us to rebuild because of the rising inflation cost and the little amount from are awards that's why I urge you to vote for SB 1520 because it's the right thing to do, and the moral just thing to do. We never ask to have this happen and it unfair to ask fire victims who never wanted this to happen to have to pay taxes on there awards. Thank you for your time and I hope you will consider voting yes on SB 1520.

Sincerely,

John & Sherri Toone
