Committee: Senate Committee On Natural Resources and Wildfire

Measure: SB1590

Dear Chair Golden and Committee Members,

I oppose this legislation. As a kayaker I've seen wake boats tip over other kayakers from the waves these boats create. They can be very dangerous to non motorized methods of boating. The waves are also harmful to shore integrity and it disturbs the movement underneath causing harm to marine life. Please do not allow the legislation to pass.

Thank for you time,

Ann Chetock
