On Behalf Of:

Committee: Senate Committee On Natural Resources and Wildfire

Measure: SB1590

I am in OPPOSITION SB1590.

The current regulations in place were put there after years of study and trial and error. The current rules are working. No need for a repeal.

Protection of the Willamette River Greenway should be the ultimate goal, the good of the whole is more important than a small percentage of people with wake boats. Do not let this bill go through.
