

Submitter: Joseph Sherman

On Behalf
Of:

Committee: House Committee On Agriculture, Land Use, Natural Resources, and
Water

Measure: HB4059

To the committee

I am a farmer in Sublimity OR

I oppose restricting brassica and/or Canola production in the Willamette Valley.

I see this crop as a great rotation for many crops currently grown.

On my farm I have experience growing canola and several other brassica family crops. They have been managed and have not caused a marketing problem for my farm or neighboring farms.

It should not be banned to benefit a few to allow them to market their crop as a canola free growing region

Thank you

Joseph Sherman
