

Submitter: Lindsay Lier

On Behalf Of:

Committee: Senate Committee On Natural Resources and Wildfire

Measure: SB1590

Dear Committee members,

I don't see any new evidence or arguments that support the passage of this bill. The previous bill, 1589, was the result of thoughtful consideration of all the evidence and testimony of hundreds of river users, some notable scientists in the field of wake energy and ecology. Frankly, I don't see the need for a complete reversal of a bill that passed for good reason.

Please consider letting this bill die, and move forward other more sensible bills.

Thank you for your dedication,

Lindsay
