

Submitter: Kieran Davis-Gragg

On Behalf Of:

Committee: Senate Committee On Education

Measure: SB1583

Do not cave into pressure from radicals who are pushing to have their way- trying to dictate to us what they think is acceptable reading materials. This is not freedom. Rather it's supporting a minority of people who would basically push their agenda on others. This is simply not right. Please vote YES on Senate Bill 1583.
