

Submitter: Richard Roberts
On Behalf Of: Myself
Committee: House Committee On Rules
Measure: HJR201

Thank you for spending time discussing the pros and cons of increased property taxes.

Please vote NO on this Bill. The Tax burden and cost of living impacts on senior citizens too much today. It has become nearly impossible to stay in Oregon after retirement age, and perpetual taxes on property that one has worked a lifetime to own is a huge burden on the retired. We really should be considering a post retirement reduction in property tax.
