

Submitter: Sarah Imbrie

On Behalf Of:

Committee: Senate Committee On Natural Resources and Wildfire

Measure: SB1590

I am writing in support of increasing access to the Willamette River in regard to amending the weight restrictions for towed water sports. Boating is an activity beloved by my family and we were devastated to no longer be able to participate in towed water sports on the Willamette due to the recent weight restriction. This weight restriction was an arbitrary figure which is not supported by factual data nor evidence. I am asking for logic to prevail; please support Senate Bill 1590.
