

Submitter: Charles Gray
On Behalf Of:
Committee: House Committee On Rules
Measure: HJR201

To whom it may concern:

Property taxes in Oregon are too high! I am a senior citizen on a fixed income hoping to live in my house that I have owned since 1991. I am worried that I will be taxed out of my home and forced to be a burden on my Children. I am truly shocked to learn the per capita tax burden on Oregonians is nearly \$27,000 per capita. This far exceeds the national average of \$20,000 or 35%!!!. Oregon does NOT need any additional revenue; Oregon needs to prioritize spending!!!

I am opposed to this measure and am greatly disappointed on the rushed process to enact this.

Respectfully,

Chuck Gray
