

Submitter: Terese Roeder
On Behalf Of: Self
Committee: House Committee On Rules
Measure: HJR201

This additional tax is apparently a tax that will not have any controls- unlimited increases. How does the government expect seniors on a limited income to pay for this. It is already a costly and essential expense that if not paid will take over possession of the home.

Where will that lead us? More homeless ir dependent people on government assistance which already exploding.

This is just wrong.

Terese L Roeder
