

Submitter: Patty Spradlin
On Behalf Of:
Committee: House Committee On Rules
Measure: HJR201

Dear Representatives:

Please do not pass HJR 201... inflation is awful.. living in McMinnville... just raised property taxes for fire district... more taxes coming for new pool... my health care costs for diabetic pump supplies.. and many other med costs...needed new roof this year and many more home repairs need to be addressed... this bill would affect me financially.. my house is not paid for yet.... This bill would impact me terribly ..please reconsider and kill this bill!

Sincerely,

Patty Spradlin
