

Submitter: Julie Stockfleth

On Behalf Of:

Committee: House Committee On Rules

Measure: HJR201

Our property taxes are high enough already. The state needs to live within it's budget and cut out unnecessary projects. Higher property taxes will make our state's housing shortage even worse. Rents will increase pushing even more people living on the edge of poverty and homelessness out onto the streets!

Vote no on HJR201!!!
