Measure: HJR201

I am asking for wisdom & logic to come forth concerning this harmful measure - we seem to be greatly lacking in wisdom when it comes to solving problems - instead the government keeps compounding problems and making them worse!!

A lot of Oregonians are already struggling month to month- and this measure will make it worse.

Is that the intent?

Not to help people, but to continue doing harm?

God knows, and God will ultimately judge for those who do bring harm.

Per 201 "the Act would put in the constitution a state tax on property to fund public safety"

WISDOM - where is it in this measure?

You have cut back on police, limited their resources, allowed Antifa to commit untold amounts of crime and damage - so now you want property owners to pay for the failed policies and actions taken by politicians & police? Public Safety is in jeopardy because of lack of inaction, or serious prosecution, against those committing crimes. Higher property taxes is not the answer - nor a wise solution. So how about seeking what will work?
