Property taxes in Douglas County and more specifically, the city of Reedsport in which I live are among the highest in the state. As a retired family our budget is stretched to the breaking point Now. Increasing property taxes more will significantly lower our standard of living.

Why should I have to pay more taxes to bail out bad policy decisions for incompetent politicians in Salem!!

How about REDUCING the SIZE of GOVERNMENT for a change instead of raping the tax payer in this state. ENOUGH OF YOUR TYRANNY.
