I am dead set against this-just one more tax and spend bill forever putting our money to God knows what and I'm totally opposed to it! Who came up with this idiocy? As a resident of lake Oswego for over 33 years. I have watched our taxes reach unbelievable levels of unaffordability . We now are being forced to pay a portland metro tax on top of the state taxing our houses at assessed values which may be higher than market value. We already pay for police and enforcement of our laws.just do the job you're paid to do.

I've watched the denigration of Portland once a beautiful city fall into drug use,homelessness and squalor.The mayor makes ghastly decisions that negatively affect all the honest tax paying citizens in town.we are tapped out and exhausted by the continued stupidity of our government. Yet it continues.A pox on the poor decision making and pathetic use of our hard earned money by people that do not deserve our loyalty.We will become California and good honest people will leave.
