

Submitter: Darlene Vedder
On Behalf Of: Oregon taxpayer
Committee: House Committee On Rules
Measure: HJR201

This proposed tax bill, Is unfair. We already pay a lot every year in taxes. Adding more tax to a already struggling Oregon will only add to the homeless crisis. As it is we have to either go without food or medication. Because of inflation. It costs so much for the bare necessities. Adding more property tax will only make things worse.
