

Submitter: RANDAL BAKER
On Behalf Of:
Committee: House Committee On Rules
Measure: HJR201

As a rural Oregon resident, I do not agree with HJR201 It alters our constitution allowing this beautiful state to become more Communist than American. We the people still have the right to have a say in the governing of this State and I personally don't want to lose that. This State is in enough trouble as it is without adding more governmental control on our lives. I am retired and living on a fixed income. Our taxes are already the highest in the nation and don't want to have to make the decision of whether to eat or pay my taxes.
