Committee: House Committee On Rules  
Measure: HJR201

Regarding HJR 201- Oregon needs to start living within its means. Not coming up with new ways to add to an already out of control bloated government

Oregonians are among the highest taxed in the nation as the legislature keeps trying to fund its liberal utopia that is not working.. This bill will continue to tax people out of the state and tax seniors and those on limited incomes out of their homes exacerbating an already out of control homeless problem. Any one in Salem that votes for this should be removed from office. I, along with many others will leave this state if this passes. It should not make its way out of committee.
