On Behalf Of:

Committee: Senate Committee On Natural Resources and Wildfire

Measure: SB1590

I am in support of SB1590.

SB1590 is important to me because it restores equal access to the Willamette River and the Newberg Pool. For 15 years plus we've worked to arrive at a compromise that made sense for all parties involved. Only a year into the compromise one senator took it upon himself to reverse the compromise and eliminate a large portion of boaters from the Newberg Pool.

Please vote yes on SB1590 and restore the compromise for boaters and river users that make sense.
