I am adamantly opposed and angry that our state legislators would even consider adding another property tax in light of their reckless spending and carelessness with the funds they are budgeted. Not all Oregon citizens get to enjoy the opportunity to pay property taxes, yet the population of Itagon has not reduced to match homeowners. You have carelessly passed bills to allow and even encourage homelessness and drug use, not to mention creating sanctuary cities and hand outs to illegal border crossers who are now creating a financial hardship on our great state. No way should those of us who scrape and struggle to maintain our homes, our finances and our healthcare be penalized by paying for more of your financial carelessness. As an Air Force Veteran, I am already sacrificing my promised medical care to benefit these criminals and those who are too lazy to work for their home and family. No More Taxes!
