

Submitter: Barbara Chatfield

On Behalf Of:

Committee: House Committee On Rules

Measure: HJR201

Many of the citizens of Oregon are on a fixed income. As citizens of Oregon we voted on when/whether to have property tax increases. It seems to me by putting in a new government entity and paying for it by taxing Oregon citizens goes against what Oregon citizens voted for. By amending Oregon's constitution to tax people for something they did not vote for seems like a back door way of financing this new government department. I oppose this bill.
