On Behalf Of:
Committee: House Committee On Rules
Measure: HJR201

I oppose any property tax hikes as I cannot afford them on disability income I make just about 14,000 a year in May 2016 when I purchased my home my property taxes were \$1,550 they now are \$2,748 I've already had my house go up for foreclosure September 2023 because I couldn't afford the existing property tax any further hikes in my property tax I would lose my home and be homeless on the streets that is not fair or right to put disabled and elderly people on the streets because they can't afford the property taxes to keep their home everything has gotten so expensive it's hard enough to live without you trying to take our property because we can't afford what you're charging us I have worked very hard to have my home fully paid for and you keep hiking my property taxes and it's extremely hard almost impossible at times to pay the existing property tax so if you up them as I said you're taking my home for me that I worked all my life for and that is not fair please no more property tax hikes
