

Submitter: Bruce Hunter

On Behalf Of:

Committee: House Committee On Rules

Measure: HJR201

Oregon residents are already heavily taxed. It is time that our legislators are held accountable for their out of control spending policies. Our crime rates are on the rise along with our homeless population. The state has thrown countless amounts of money at these problems and they are still going. Quit just throwing money at these and the other challenges the state faces and enforce the policies and laws that are already in place. The taxes I pay on my home now are already more than my mortgage payments were when I built my home. I can't afford more.

PLEASE NO MORE TAXES

Bruce Hunter
