Committee: House Committee On Rules
Measure: HJR201

I strongly oppose this measure. Continuing to raise property taxes creates an excessive burden on those of us who have work diligently to own our own homes. I have been a home owner for decades and am nearing retirement, but my taxes continue to rise. I've earned the right to own my home and have affordable property taxes!! All able bodied adults can and should earn their way in this state — us property owners can't flip the bill for everyone!!! Stop taxing us out of our homes! The state legislature needs to find other methods for equity in taxation of ALL Oregonians, not only those who own property.
