

Submitter: Paul Fournier

On Behalf Of:

Committee: Senate Committee On Judiciary

Measure: SB1576

Not restoring Recreational Immunity would be devastating to Oregonians way of life, and economy. There are many reasons we live here, accessible recreation areas is one of them. Otherwise, we could become just another litigious-happy area such as Las Vegas, where billboards for personal injury attorneys litter every roadway.

Restore Recreational Immunity for all Oregonians, and send a message to those that want to damage and adversely alter our unique and wonderful quality of life.
