

Submitter: Thena Larteri Lyons

On Behalf Of:

Committee: House Committee On Rules

Measure: HJR201

The State does NOT need anymore taxpayer dollars for safety. Laws for safety ALREADY exist, within the police and other law enforcement entities. If you STOP tying their hands in doing their job to arrest criminals and KEEP them behind bars, vs your revolving door mentality, you wouldn't need to extort any additional funds from taxpayers, which will only go to failing " programs".

History repeats itself for those who pay attention, not pay additional taxes!
