

Submitter: Tim Sallee
On Behalf Of:
Committee: House Committee On Rules
Measure: HJR201

Oregon taxes are too high as it is and you wonder why so many people are moving out of Oregon, particularly Portland. They have raised our taxes so high that it's very difficult to stay afloat. I am disabled on on a fixed income. If things don't change it will be bye bye Oregon.

Oregon doesn't use its tax revenue where it is really needed and we sure aren't going to stand to pad someone's pockets any longer. AGAIN, you are pushing people out of Oregon and if you look at the big picture, so many people will move out-of Oregon and your tax dollars will suffer greatly. It's already happening in Portland and now you want to go after the whole state because of your mis- management of Tax funds. NO NO NO NO!!!!
