

Submitter: Lynda Ott  
On Behalf Of: Furnish i Hope  
Committee: Senate Committee On Housing and Development  
Measure: SB1530

I am new to eastern Oregon and was extremely impressed with Furnish Hope and their services. We bought a furnished home and needed to share some of the furnishings that were not useful to us. Furnish Hope took many pieces, and I donated duplicate kitchen and household items. When I dropped them off I was overwhelmed with how the volunteers were working to load up a trailer for a delivery for a homeless family that very day. I also discovered their little botique of upscale donations that are saleable and ended up buying a large pine cupboard that was exactly what I needed. It felt good to be helpful and recycle at the same time. Lynda Ott
