

Submitter: Kathleen Husvar
On Behalf Of:
Committee: House Committee On Rules
Measure: HJR201

To whom it may concern:

I am completely opposed to HJR 201. Property taxes need to be determined by counties and the people who live there. It's incredibly concerning that property taxes could be determined by people with "pet projects" in the big cities and tax people out of their homes. This amendment must not pass.

Thank you.

Sincerely,
Kathleen
