I own a very small business in Canby, Oregon.

I can barely afford my tax load from year to year. If this bill becomes law I will have no choice but to permanently close my business and leave Oregon.

I will also urge my business associates, clients, friends and family to leave Oregon as well, if this bill becomes law.

A responsible legislature would go out of its way to combat waste, fraud and abuse while simultaneously reducing the size, scope and reach of government.

Unfortunately, Oregon does not have such a legislature nor does it have the courageous leadership required to work in the interest of its law abiding, tax paying residents.

If you pass this monstrosity into law, shame on you and good luck, because your entire tax base will leave, almost overnight.
