

Submitter: John Pieri

On Behalf Of:

Committee: Senate Committee On Human Services

Measure: SB1557

As CITIZENS, this bill is like pirates looting a treasure ship, except, it is this ship of state being purloined by a small group not only looting the contents but the whole ship! Allowing this process of voter registration means all illegal aliens can register to vote, interfere with all elections with no accountability to legal citizens! Why the IRS provision? As representatives, your oath is to protect citizens from alien intrusions ,but now, you are welcoming the intrusions , not only physically but the very machinery of fair and honest elections.This bill is blatant election interference of legal citizens voter integrity. This is consent by the governors, not the governed! This is unconstitutional and must be challenged because it reeks of a minority tyrant committee dictating election interference of all legal voter citizens! What the devil do Veterans have to do with tampering with voter registration? It is obvious , the agenda of this bill, like the nationwide illegal aliens voter agenda , is more election interference and legal citizens must not tolerate this oppressive scheme to undermine election integrity! Representatives who support this bill are way out of line with our representative Democracy by the consent of the governed.This bill is bad law, chicanery with the purpose of party favoritism, power insurance, election tampering, and out right tyranny dictating away free and fair elections.

Thank you ladies and gentleman for this opportunity to speak freely on this abhorrent bill SB 1557

best regards

CITIZEN JOHN
