

Submitter: Lisa Levsen
On Behalf Of:
Committee: House Committee On Rules
Measure: HJR201

Oregon citizens are already suffering from inflation and increased housing costs. Our taxes are already very high with little to show for it. Oregon's mismanagement of unemployment insurance, Measure 110, and the housing emergency shows that our State Administration does not manage our existing tax funds effectively. Our educational statistics for learning are some of the worst in the nation.

I am against raising taxes on Oregonians.

Sincerely yours,
Lisa Levsen
