

Submitter: Brian Boquist

On Behalf Of:

Committee: Senate Committee On Finance and Revenue

Measure: SJR201

Senators:

The likelihood of senior leadership allowing a constitutional amendment to the voters in the short session is nil.

Therefore, only a statutory change might be possible. However, that change would need to be acceptable to the AG and DOR. If not, any fix will not work.

I've entered in to the testimony a sample of such text for consideration.
